In consideration of GoGetCrypto agreement to carry one or more Accounts of Customer and provide services to Customer in connection with the purchase and sale of over-the-counter margin based trading contracts, Customer agrees as follows:

1. TRADING

1.1. AUTHORIZATION TO TRADE. Subject to the terms and conditions of this Agreement and acceptance of Customer's application to open an Account with GoGetCrypto, Customer hereby authorizes GoGetCrypto to maintain one or more Accounts in Customer's name and engage in transactions for Customer's Account in accordance with written or electronic instructions by Customer and its officers, partners, principals, employees or other agents ("Representatives"). Customer will bear the risk of all unauthorized instructions by its Representatives and will indemnify and hold GoGetCrypto harmless from all claims, liabilities, losses, damages, fees, costs and expenses relating to or arising from GoGetCrypto's reliance on such instructions, including any improper, unauthorized or fraudulent instructions by the Representatives, except in cases of gross negligence or wilful misconduct by GoGetCrypto. Unless expressly stated otherwise in writing, all transactions entered into between GoGetCrypto and Customer shall be governed by the terms of this Agreement, as amended from time to time (including, without limitation, GoGetCrypto's Risk Disclosures and Trading Policies and Procedures).

2. ACCOUNTS

2.1. ACCOUNT APPROVALS AND MAINTENANCE. GoGetCrypto may reject Customer's application or close Customer's Account for any reason, at GoGetCrypto's sole and absolute discretion. GoGetCrypto may require Customer to provide GoGetCrypto with additional information or documentation in order for GoGetCrypto to continue carrying Customer's Account. Customer acknowledges that GoGetCrypto may, at any time in its sole and absolute discretion, restrict trading, disbursements or transfers. GoGetCrypto may amend, change, revise, add or modify the Agreement at any time. The most current Agreement will be posted to GoGetCrypto's Web site <http://gogetcrypto.com>. Customer understands that this Agreement cannot be modified by any verbal statements or written amendments that Customer seeks to make to the Agreement without written acceptance from the CEO of Company.

2.2. JOINT ACCOUNT OWNERS. Company does not provide Joint Account for its Customers

2.3. MARGINS AND DEPOSIT REQUIREMENTS. Customer shall provide and maintain margin in such amounts and in such forms as GoGetCrypto, in its sole discretion, may require. Customer agrees to deposit by immediate wire

transfer such additional margin when and as required by GoGetCrypto, and will immediately meet all Margin Calls in such mode of transmission as GoGetCrypto shall, in its sole discretion, designate. GoGetCrypto may change margin requirements at any time without prior notice. GoGetCrypto retains the right to limit the amount and/or total number of open positions that Customer may acquire or maintain at GoGetCrypto. GoGetCrypto reserves the right to close any Customer positions at any time that it deems necessary. GoGetCrypto shall not be responsible for any loss or damage caused, directly or indirectly, by any events, actions or omissions including but not limited to loss or damage resulting, directly or indirectly, from any delays or inaccuracies in the transmission of orders and/or information due to a breakdown in or failure of any transmission or communication facilities. For example, in volatile market conditions a margin call may be delayed resulting in the possibility of a negative usable margin; a margin call may occur even if positions are hedged, in the jurisdictions where hedging is permitted by law, due to rate volatility or daily interest charges or credits.

- 2.4. ROLLOVERS.** GoGetCrypto may, in its sole discretion and without notice to Customer, offset Customer's open positions, roll over Customer's open positions into the next settlement time period, or make or receive delivery on behalf of Customer upon any terms and by any methods deemed reasonable by GoGetCrypto, in its sole discretion. Terms and/or methods for delivering, offsetting, or rolling over Customer's open positions may differ on a customer-by-customer basis, at GoGetCrypto's sole discretion. Any positions held in Customer's Account at 5PM EST may be rolled over to the next settlement date and the Account may be debited or credited for the interest differential for the rollover period.
- 2.5. SETTLEMENT DATE OFFSET INSTRUCTIONS.** Offset instructions on positions open prior to settlement arriving at settlement date must be given to GoGetCrypto at least one to three business days prior to the settlement or value day. Alternatively, sufficient funds to take delivery or the necessary delivery documents must be in the possession of GoGetCrypto within the same period described above. If neither instructions, funds nor documents are received, GoGetCrypto may without notice, either offset Customer's position or roll Customer's positions into the next settlement time period or make or receive delivery on behalf of Customer upon such terms and by such methods deemed reasonable by GoGetCrypto in its sole discretion.
- 2.6. LIQUIDATION OF ACCOUNTS.** In the event of: (a) death or judicial declaration of incompetence of Customer or, in the case of a legal entity, its dissolution or liquidation; (b) filing of a petition in bankruptcy, or a petition for the appointment of a receiver, or the institution of any insolvency or similar proceeding by or against Customer; (c) filing of an attachment against any of Customer's Accounts carried by GoGetCrypto; (d) insufficient margin, or GoGetCrypto's determination that any collateral deposited to protect one or more Accounts of Customer is inadequate, regardless of current market quotations, to secure the Account; (e) Customer's failure to provide GoGetCrypto any information requested pursuant to this Agreement; or (f) any other circumstances or developments that GoGetCrypto deems appropriate for its protection, and in GoGetCrypto's sole discretion, it may take one or more, or any portion of, the following actions: (1) sell any or purchase any or all contracts, securities or other property held or carried for Customer; and (2) cancel any or all outstanding orders or contracts, or any other commitments made with Customer. Any of the above actions may be taken without demand for margin or additional margin, without prior notice of sale or purchase or other notice to Customer, Customer's personal or appointed representatives, heirs, executors, administrators, trustees, legatees

or assigns and regardless of whether the ownership interest shall be solely Customer's or held jointly with others.

2.7. MANAGED ACCOUNTS. With regard to managed Accounts, a money manager ("Money Manager") is a person or entity authorized to make decisions with respect to an Account on behalf of the Account's beneficial owners, including a trustee, custodian, conservator, guardian, executor, administrator, attorney-in-fact, or investment advisor or other person to whom Customer has granted trading authority over an Account. Customer understands and agrees that GoGetCrypto may, but is not required to, review any action or inaction by a Money Manager with respect to an Account and is not responsible for determining whether a Money Manager's action or inaction satisfies the standard of care applicable to such Money Manager's handling of the Account. Customer further understands and agrees that GoGetCrypto is not responsible for determining the validity of a person's or entity's status or capacity to serve as a Money Manager. Customer agrees to hold GoGetCrypto and its officers, directors, employees, agents and affiliates harmless from any liability, claim, or expense, including attorneys' fees and disbursements, as incurred, for the actions or non-actions of Customer's Money Manager.

This instrument and the attachments hereto embody the entire agreement of the parties, superseding any and all prior written and oral agreements and there are no other terms, conditions or obligations other than those contained herein.
- 8.11. SEVERABILITY.** This Agreement, any attachments hereto, and the terms and conditions contained in statements and confirmations, contain the entire agreement between the parties with respect to the subject matter hereof. If any provision or condition of this Agreement shall be held to be invalid or unenforceable by any court, or regulatory or self-regulating agency or body,

such provision shall be deemed modified, or, if necessary, rescinded in order to comply with the relevant court, or regulatory or self-regulatory agency or body. The validity of the remaining provisions and conditions shall not be affected thereby, and this Agreement shall be carried out as if such invalid or unenforceable provision or condition was not contained herein.

8.12. ACCOUNT TRANSFER AND ASSIGNMENT. Customer authorizes GoGetCrypto to transfer and assign Customer's Account to a futures commission merchant or another legal entity. Customer may not transfer or assign this Agreement without Company's prior written consent. Any purported assignment by the Customer in violation of this provision is null, void and unenforceable.

9. RISK DISCLOSURE STATEMENT.

9.1. GENERAL. Trading in margined account involves a high degree of risk including the risk of loss of the Customer's entire Risk Capital deposited with GoGetCrypto. Losses, in some cases, have the potential to extend beyond the Customer's Account Value. In consideration of GoGetCrypto agreeing to enter into contracts with its Customer(s) for this Account, GoGetCrypto requires all the undersigned Customer(s) to analyse their financial objectives, financial status, investment constraints and tax situation to determine whether trading is suitable. In addition, we require our Customers to carefully read and acknowledge the GoGetCrypto Risk Disclosure Statement that outlines without limitation the risks associated with trading a margined account through GoGetCrypto.

9.2. OTC Margined Trading involves a high amount of risk and is highly speculative. Customer agrees that they are in full understanding and willing to assume the legal, economic, and other risks associated with the trading a margined account, and are willing and able to assume the loss of their entire Risk Capital, defined as those funds, that if lost, would not change your lifestyle or your family's lifestyle. As such, they further agree that margined trading is not suitable for Retirement Funds. Company encourages Customers to closely manage outstanding open positions and to use prudent money management precautions such as, but not limited to, Stop Loss Orders.

9.3. Excessive leverage available with Margined accounts can lead to quick losses. Customer agrees that using a high degree of leverage, defined as the use of a small amount of capital to control a larger amount of an Open Position, can result in large losses due to a price change(s) of open contract(s) with GoGetCrypto. GoGetCrypto provides leverage on most trading products for most customers of 5:1 or more. With 5:1 leverage the Customer has the potential to control \$5,000 position with \$1,000 in an Account. GoGetCrypto encourages its Customers to use only that portion of leverage that the Customer is most comfortable with and to use money management precautions such as, but not limited to, Stop Loss Orders for the purpose of limiting risk. GoGetCrypto reserves, at its sole discretion, the right to reduce or increase the amount of leverage given on any trading product at any time and without notice.

9.4. Trading experience periods of liquidity risk. Customer acknowledges that Liquidity Risk, resulting from decreased liquidity, is usually due to unanticipated changes in economic and/or political conditions. Customer also acknowledges that Liquidity Risk can affect the general market in that all participants experience the same lack of buyers and/or sellers. The Customer also understands that liquidity risk can be GoGetCrypto specific due to changes in liquidity available to GoGetCrypto from an GoGetCrypto Custodian of funds interbank liquidity providers due to a perception that the risks of the market segment has increased. When liquidity decreases, Customers can expect, at the minimum, to have wider bid to ask spreads as

the supply of available bid/ask prices, outstrips the demand. Decreases in liquidity can also result in "Fast Market" conditions where the price of a trading product moves sharply higher or lower or in a volatile up/down pattern without trading in an ordinary step like fashion. In some instances, there may exist the possibility that a trading bid and/or ask price for a trading product or products are not available (a situation where there is no liquidity). Although there may be instances when the aggregate OTC market enters a "Fast Market" situation or periods where liquidity is in short or no supply, it is important to note that prices, bid/ask spreads and liquidity will reflect the prevailing interbank market liquidity for GoGetCrypto. GoGetCrypto can Liquidate Positions of the Customer that do not have adequate margin: Because of the leverage available with OTC Margined Trading and the potential for extreme volatility, GoGetCrypto Custodian of funds reserves the sole discretionary right to liquidate Customer's Account(s) should the Margin in the Account not be sufficient to cover the potential risk of loss. Should the Customer's Account value go below the free of programming bugs that can cause trading, position keeping or any other required functionality of the Trading Platform and other relevant software applications associated with GoGetCrypto including but limited to clearing and escrow Account software, from becoming inoperable or without errors.

- 9.5. There is a Communication Risk that the Customer assumes.** Although GoGetCrypto will have qualified representatives available on the telephone during business hours to accept and execute Customer Market Orders, there exists the risk that the Customer will not be able to contact or make contact with the GoGetCrypto representative due to but not limited to, communication malfunction, an overabundance of telephone orders, or any other malfunction or negligence. The Customer acknowledges and agrees that they will hold harmless GoGetCrypto for any loss or missed trading opportunity resulting from any communication problems the Customer may encounter.
- 9.6. COMPANY does not take responsibility for Money Managers.** In case when Customer grant a Money Manager trading discretionary trading authority or control over a Customer's Account, the Customer acknowledges that GoGetCrypto does not take any responsibility for any action done by that Third Party on the Customer's behalf. The Customer grants Money Manager trading authority for the Customer's Account at it sole, and full risk. GoGetCrypto reserves the right to correct any transactions executed on misquoting errors: In the case when a quoting error occurs that results in a Customer transaction done at an off market price, GoGetCrypto reserves the sole discretionary right to make the necessary corrections and adjustments to the Customer's Account whether it be in the favour of the Customer or not in the Customer's favour. Any change will be reported to the Customer either verbally or via an electronic method such as but not limited to email.
- 9.7. All Market Recommendations made by GoGetCrypto or any representative of Company are for informational purposes only.** Any decision by the Customer to buy or sell is an independent decision by the Customer. Market recommendations made by GoGetCrypto or a representative of GoGetCrypto do not constitute an offer to sell or buy from GoGetCrypto or from any other source that may provide straight-through-processing prices to the Customer. GoGetCrypto and its employees are not investment advisor(s) and have no fiduciary duty to Customer and therefore are not liable for any losses incurred by the Customer as a result of information or any recommendations made by GoGetCrypto or representative of GoGetCrypto. Customer is at Risk if GoGetCrypto should go out of business. There is no guarantee that GoGetCrypto as a business will be profitable. Consequently,

there exists a credit risk that GoGetCrypto may be subject to losses, which could, in turn, jeopardize the capital that the Customers have in their Accounts. Customer acknowledges that in the event of insolvency, the Customer can only look to GoGetCrypto for performance and return of all Collateral and Margin that the Customer may have at GoGetCrypto.

- 9.8. Company may decide to exit the Business.** There is no guarantee that GoGetCrypto Custodian of funds may decide that they do not want to continue to participate. As a result, the Customer agrees and acknowledges that GoGetCrypto may liquidate all Customer positions, and return margined funds to the Customer at the sole discretion of GoGetCrypto, at any time and for any reason. GoGetCrypto Customers do not hold GoGetCrypto liable for any loss as a result of liquidation of the Customers position either on an actual basis or as a result of missed profit opportunities.
- 9.9. Customers are responsible for any reporting errors.** Any reporting and confirmation errors of omission, and/or errors in details of transactions including but not limited to the price contracts were executed, the product traded, the market direction (i.e., "buy" or "sell") of order, the type of order and/or any errors in fees, charges or credits to the Customer's Account including but not limited to charges for executing a transaction, wiring funds, rolling over position, and sweeping balances into the home currency, require that the customer notify GoGetCrypto immediately upon discovery for review.
- 9.10. Risks from trades done over telephone.** GoGetCrypto will only accept Market Orders for trades done over the telephone if placing such an order is technically possible when GoGetCrypto representative is free to take a call. Customer acknowledge that there might be a situation when GoGetCrypto representative will not be able to take a call and GoGetCrypto Customers do not hold GoGetCrypto liable for any loss as a result of not taking a call from Customer. Telephone trades are considered executed when the GoGetCrypto representative says, "done" and relays the complete transaction details. Any given price by a GoGetCrypto representative over the telephone prior to execution is considered indicative. GoGetCrypto reserves the right to change the indicative price given over the phone if the actual trading price is different due to market conditions, misquote or volatility. GoGetCrypto is not responsible for Customer telephone orders if the Customer cannot be heard or understood by the GoGetCrypto representative due to, without limitation, accent, speech defect, faulty connection, or excessive background noise at the Customers location or at GoGetCrypto. To better insure execution, GoGetCrypto requires that Customers communicate in English when giving orders. GoGetCrypto cannot guarantee that telephone orders given in a foreign language will be executed. For best results and fast execution, the following procedure will be used: (a) The Customer will first be asked by the GoGetCrypto representative the following Account Information: The Customer's GoGetCrypto User Name, Account Number and/or other identifying feature. Only after the GoGetCrypto representative confirms the Customer's identity, the Customer should relay the following order information: (b) The execution direction to Buy or Sell, the number of lots, and the desired trading product. The GoGetCrypto representative will then repeat the order information for the Customer to confirm. For example the GoGetCrypto Representative may say the following, "Buy 2 lots of Bitcoin vs USD at the Market. Confirmed?" By saying, "Yes" the order will be executed at the Market and the details immediately given to the Customer after execution. The GoGetCrypto representative will enter the transaction into the Customer's Account. The details and effects of the transaction will be reflected in the Customer's Online Reports. GoGetCrypto does not warrant that trades done over the telephone will be done at prices that mirror the prices displayed

electronically at that time over the Trading Platform. GoGetCrypto reserves the right to charge a commission for trades done over the telephone. Should GoGetCrypto charge a commission for telephone trades, it will be reported on the GoGetCrypto Website and be reflected as a line item debit in your GoGetCrypto Account Reports. All trades and charges done via the phone are final. GoGetCrypto reserves the right to tape all telephone calls without knowledge of the Customer. GoGetCrypto is not responsible or liable if the tapes of the telephone calls are erased or never recorded because of error, omission or any reason. GoGetCrypto is also not liable should User Name and Account information be obtained knowingly or unknowingly by a Third Party and as a result, trades done in the name of the Customer without his or her knowledge or authorization.

- 9.11. Risks from trades done using chat communication devices.** GoGetCrypto does not provide to its Customers service of orders execution by using chat applications.
- 9.12. Company has limited liability.** The Customer agrees and acknowledges that GoGetCrypto shall not be liable to the Customer for any claims, losses, damages, costs or expenses, including attorneys' fees caused directly or indirectly by any events, actions or omissions, without limitation, claims, losses, damages, costs and expenses, including attorney's fees, resulting from civil unrest, war, insurrection, international intervention, governmental action) including, without limits, exchange controls, forfeitures, devaluations and nationalizations), natural disasters, acts of God, market conditions, communication problems or any delay, disruption, failure of any transmission or communication system or computer hardware or software application whether supplied and belonging to GoGetCrypto or from a third party vendor that the Customer and GoGetCrypto relies on to conduct execution and reporting services.
- 9.13. Effect of "Leverage".** Margin accounts and contracts carry a high degree of risk. The amount of initial margin is small relative to the value of the contract so that transactions are "leveraged" or "geared". A relatively small market movement may have a proportionately larger impact on the funds Customer has deposited or will have to deposit. This may work against Customer as well as for Customer. Customer may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain Customer's position.
- 9.14. Risk reducing orders or strategies.** Placing contingent orders, such as "stop loss" or "limit" orders, particularly in volatile market conditions, will not necessarily limit Customer's losses to the intended amounts, since market conditions may make it impossible to execute such orders. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.
- 9.15. Before Customer begins to trade, Customer should obtain a clear understanding of all charges for which Customer may be liable.** These charges will affect Customer's net profit (if any) or increase Customer's loss.
- 9.16. Electronic trading.** Trading on an electronic trading system may differ not only from trading in an open outcry market but also from trading on other electronic trading systems. If Customer undertakes transactions on an electronic trading system, Customer will be exposed to risks associated with the system including any failure of hardware and software. The result of any system failure may be that Customer's order is either not executed according to Customer's instructions or not executed at all. Since GoGetCrypto does not control signal power, its reception or routing via Internet, configuration of Customer's equipment or reliability of its connection, GoGetCrypto cannot be responsible for communication failures, distortions or delays when trading

online (via Internet). In no event shall GoGetCrypto be liable for speculative or expectancy damages for potential future lost profits.

- 9.17. Limitation of liability.** Customer accepts any trading system provided by GoGetCrypto "as is," and without warranties, express or implied, including, but not limited to, the implied warranties of merchantability or fitness for a particular use, purpose or application; timeliness; freedom from interruption; or any implied warranties arising from trade usage, course of trading or course of performance. Under no circumstances shall GoGetCrypto be liable for any punitive, indirect, incidental, special or consequential loss or damages, including loss of business, profits or goodwill. GoGetCrypto shall not be liable to Customer by reason of delays or interruptions of service or transmissions, or failures of performance of GoGetCrypto's or its affiliate systems, regardless of cause, including, but not limited to, those caused by hardware or software malfunction; regulatory action; acts of god; war, terrorism, or our intentional acts. Customer recognizes that there may be delays or interruptions in the use of our system, including, for example, those caused intentionally by GoGetCrypto for purposes of servicing the system. GoGetCrypto does not guarantee that alternative trading arrangements will be available at a particular time and GoGetCrypto will not be held liable for delays in entering an order.
- 9.18. Margin policies.** GoGetCrypto requires that Customer's Account must be properly margined at all times. Failure to meet margin requirements may result in the liquidation of any open positions with a resultant loss. GoGetCrypto reserves the right to liquidate all positions without notice if an Account falls below Customer's minimum margin requirement, in accordance with GoGetCrypto's margin call policy.
- 9.19. Quoting errors.** If quoting errors occur, which may include, but are not limited to, a mistype of a quote by GoGetCrypto, a quote which is not representative of fair market prices, an erroneous price quote from a GoGetCrypto employee, such as but not limited to a wrong big figure quote or an erroneous quote due to failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third party vendors, GoGetCrypto will not be liable for the resulting errors in Account balances. The foregoing list is not meant to be exhaustive and in the event of a quoting error, GoGetCrypto reserves the right to make the necessary corrections or adjustments on the Account involved. Any dispute arising from such quoting errors will be resolved in accordance with required regulations if such regulations exist. In the event of a system error where interest is not charged or credited as scheduled, GoGetCrypto reserves the right to apply the missed interest to the Account at any time.
- 9.20. Third-Party Authority.** In the event that Customer grants trading authority or control over Customer's Account to a third-party trading advisor, such as a Money Manager, whether on a discretionary or non-discretionary basis, GoGetCrypto shall in no way be responsible for reviewing Customer's choice of such trading advisor, or for making any recommendations with respect thereto. GoGetCrypto makes no representations or warranties concerning any trading advisor; GoGetCrypto shall not be responsible for any loss to Customer occasioned by the actions of the trading advisor; and GoGetCrypto does not, by implication or otherwise, endorse or approve of the operating methods of any trading advisor. If Customer gives a Money Manager authority to exercise any rights over Customer's Account, Customer does so at Customer's own risk. Customer should regularly review the activity in Customer's Account to ensure that Customer approves of the transactions placed on Customer's behalf by Customer's Money Manager.

- 9.21. Disclosure Regarding Bankruptcy Protections.** The transactions Customer is entering into with GoGetCrypto are not traded on an exchange. Therefore, Customer's funds may not receive the same protections as funds used to margin or guarantee exchange traded futures and options contracts, which may receive a priority in bankruptcy. Since that same priority has not been given to funds used for trading, if GoGetCrypto becomes insolvent and Customer has a claim for amounts deposited or profits earned on transactions with GoGetCrypto, Customer's claim may not receive a priority. Without a priority, Customer is a general creditor and Customer's claim will be paid, along with the claims of other general creditors, from any monies still available after priority claims are paid. Even customer funds that GoGetCrypto keeps separate from its own operating funds may not be safe from the claims of other general and priority creditors.
- 9.22. Volatile Market Conditions.** Trading at times of extraordinarily volatile market conditions, e.g. key news announcements may expose the Customer to additional risks, including the risk that the Customer may not get the price him or her requests. GoGetCrypto cannot and does not guarantee its prices in times of extraordinary market volatility.
- 9.23. Simulated Conditions.** Simulated conditions may differ from real conditions. Therefore, Customers who trade on demo Accounts should not necessarily expect the same results from live trading.
- 9.24. Referring Parties.** Customer referred to GoGetCrypto by an Introducing Broker or Third Party Advisor (each an "IB") acknowledges that GoGetCrypto and such an IB are wholly separate and independent from each other and there is no Joint Ventures between. Moreover Customer acknowledges that:
- a) GoGetCrypto does not control, and cannot endorse or vouch for the accuracy or completeness of any information or advice Customer may have received or may receive in the future from Customer's IB or from any other person not employed by GoGetCrypto regarding trading or the risks involved in such trading.
 - b) GoGetCrypto provides risk disclosure information to all new Customers when they open Accounts. Customer should read that information carefully, and should not rely on any information to the contrary from any other source.
 - c) Customer acknowledges that no promises have been made by GoGetCrypto or any individual associated with GoGetCrypto regarding future profits or losses in Customer's Account. Customer understands that trading is very risky, and that many people lose money trading.
 - d) If an IB or any other third party provides Customer with information or advice regarding trading, GoGetCrypto shall in no way be responsible for any loss to Customer resulting from Customer's use of such information or advice.
 - e) To the extent Customer has previously been led to believe or believes that utilizing any third party trading system, course, program, research or recommendations provided by IB or any other third party will result in trading profits, Customer hereby acknowledges, agrees and understands that all trading, including trading done pursuant to a system, course, program, research or recommendations of IB or another third party involves a substantial risk of loss. In addition, Customer hereby acknowledges, agrees and understands that the use of a trading system, course, program, research or recommendations of IB or another third party will not necessarily result in profits, or will avoid losses or limit losses.
 - f) Because the risk factor is high in trading, only genuine risk capital should be used. If Customer does not have capital which the Customer can afford to lose, Customer should not trade.

g) Customer understands and acknowledges that GoGetCrypto may compensate Customer's IB for introducing Customer to GoGetCrypto and that such compensation may be on a per-trade basis or other basis.

h) Customer understands and agrees that if Customer's Account with GoGetCrypto is introduced by an IB, that IB shall have limited access to information regarding Customer's GoGetCrypto Account, but the IB shall not have the right to enter into any trades on Customer's GoGetCrypto Account unless authorized by Customer under a power of attorney between Customer and IB granting such IB the right to trade on Customer's Account.

i) Customer understands and acknowledges that Customer may have only one IB, a party that originally referred Customer to GoGetCrypto.

j) Customer may terminate Customer's relationship with an IB by providing written notice to GoGetCrypto. Customer understands and acknowledges that Customer cannot be considered the client of any other IB. Should you have any questions regarding the risks of trading, please contact your Account representative.

10. PRIVACY POLICY. Information about Customer are collected by GoGetCrypto. The categories of non-public personal information which GoGetCrypto shall collect include: (1) information provided by the customer when opening an Account, or to process a transaction, such as name, address, assets, bank information, prior trading experience, etc.; (2) information used to verify the identity of the customer, including copies of government issued identification materials such as passports, drivers licenses, and credit reports; (3) Information resulting from transactions between the customer and GoGetCrypto or an affiliate of GoGetCrypto, such as withdrawal and deposit forms; (4) Information derived from customer's navigation and usage of GoGetCrypto's website and online platforms, including Account trading statements.

10.1. Information Disclosed by GoGetCrypto and To Whom GoGetCrypto Discloses the Information. GoGetCrypto does not share non-public personal information about Customers or former customers to anyone, except as permitted by law. For example, GoGetCrypto may provide information to non-affiliated third parties, as permitted by law, in providing financial services to Customer. This includes a consumer reporting agency that prepares Customer's credit report. Furthermore, GoGetCrypto may provide information, as permitted by law, to government or regulatory agencies and to comply with a legal summons, court order, subpoena or a similar legal process, audit or investigation. Company may also disclose Customer's non-public personal information if Customer authorize such disclosure.

10.2. Confidentiality and Security Procedures. Only those personnel for whom the information is necessary to complete a given transaction shall possess the authority to access the information. GoGetCrypto, its personnel, and its affiliates shall strictly adhere to security practices and procedures to ensure the confidentiality of its customers' information. GoGetCrypto maintains numerous safeguards that comply with regulations to guard your nonpublic personal information. GoGetCrypto will continue to protect the privacy of former customers' non-public personal information in the same manner as when they were Customers. Unlike continuing customers, however, former customers will not receive annual privacy notices. GoGetCrypto will provide a notice of our privacy policy annually, as long as the customer maintains an Account with GoGetCrypto. GoGetCrypto reserves the right to make changes to this policy. This policy may always be reviewed on www.gogetcrypto.com.

11. CONSENTS AND FURTHER AGREEMENTS

- 11.1. Consent to electronic transmission of Confirmations and Account Statements.** Customer hereby consents to have Customer's Account information and trade confirmations available on the Internet, in lieu of having such information delivered to Customer via mail or email, as specified in paragraphs labelled "Statements and Confirmations" and "Communications" of the Customer Agreement.
- 11.2. Authorization To Transfer Funds.** Customer hereby agrees that GoGetCrypto may, at any time and from time to time, in the sole discretion of GoGetCrypto, apply and transfer from any of Customer's Accounts with GoGetCrypto to any of Customer's other accounts, whether held at GoGetCrypto or other approved financial institutions, any of the Contracts, currencies, securities or other property of Customer held either individually or jointly with others to another account.
- 11.3. Agreement To Use Collateral.** Customer authorizes GoGetCrypto to sell, pledge, rehypothecate, assign, invest, commingle and otherwise use any Collateral held by GoGetCrypto, including, but not limited to, using the Contracts as collateral for a loan to GoGetCrypto, and, further trading with the Collateral, as provided in the Customer Agreement (including, but not limited to Paragraph 6 thereof). Where Customer's Account consists of more than one Account, this authorization shall apply to all of Customer's Accounts with GoGetCrypto. This Agreement to Use Collateral shall remain in effect so long as Customer's Account with GoGetCrypto remains open or Customer has any obligations of any kind to GoGetCrypto, under the Customer Agreement.
- 11.4. Social Security / Tax ID Certification.** Customer hereby certifies, under penalty of perjury, that (1) the number provided on the Customer Application is Customer's correct Social Security or Taxpayer Identification Number and (2) the ownership, or beneficiary, of Customer's Account is not subject to backup withholding under Section 3406(a)(1)(C) of the Internal Revenue Code.

12. ARBITRATION AGREEMENT.

An applicable substantive law to any dispute, controversy or claim arising out of or relating to this contract, the breach, termination or invalidity thereof, shall be the law of St. Vincent and the Grenadines. The decisions of the arbitrators shall be final, conclusive and binding for the parties.

- 12.1.** Any dispute, controversy or claim arising out of or relating to this contract, or the breach, termination or invalidity thereof shall further be settled by arbitration, in accordance with Part V (International Arbitration) of the St. Vincent and the Grenadines and the Arbitration Rules of the St. Vincent Arbitration Centre as at present in force, under the following conditions:
- 12.1.1. The appointing authority of the arbitration shall be the St. Vincent Arbitration Centre;
- 12.1.2. The number of arbitrators shall be three;
- 12.1.3. The place of arbitration shall be St. Vincent and the Grenadines
- 12.1.4. The language to be used in the proceeding shall be English;
- 12.1.5. The parties agree to pay each half of the cost of expenses of any such arbitration.

13. TRADING RULES AND PROCEDURES

The following Trading Rules and Regulations will outline procedures and policies regarding trading and setting up an Account with GoGetCrypto. All Customers are required to read, understand and adhere to these rules and regulations. GoGetCrypto reserves the right to change any rules or regulations at its sole discretion and at any time.

13.1. Trading Hours:

- 13.1.1. The GoGetCrypto normal trading week begins at 19:00 (7:00 PM EST) on Sunday and ends at 16:00 (4:00 PM EST) on Friday in terms of covering trading OTC on Forex if offered to Customer and 24/7 on CFD's on cryptocurrencies (time are subject to change).
- 13.1.2. GoGetCrypto will announce and display on a best efforts basis a holiday schedule on the <http://www.gogetcrypto.com> website when trading will not take place.
- 13.1.3. In the event of a holiday, GoGetCrypto will on a best efforts basis pre-announce the start-up time when trading will resume in advance and display the information on the <http://www.gogetcrypto.com> website.
- 13.1.4. GoGetCrypto reserves the right at its sole discretion to conduct special technical maintenance times when trading electronically may not be available.

13.2. Deposit and Account Information:

- 13.2.1. Deposits can be made via a wire transfer. Funds are not available for trading until they clear at the bank and posted to the Customer's trading Account.
- 13.2.2. All bank fees such as wire transfer fees into and out of the Account will be debited to the Customer's trading Account as they occur.
- 13.2.3. In instances where the Customer is closing an Account with instructions to wire the remaining balances, the wire transfer fee will be deducted from the Final Account Balance forwarded to the Customer.
- 13.2.4. All deposits are accepted in U.S. Dollars, EUR, GBP and RUB only unless otherwise agreed. Customers from foreign countries have the option to convert the foreign currency into US Dollars before wiring to the GoGetCrypto clearing bank, or wire foreign currencies to our clearing bank at which point our clearing bank will convert the balances into US Dollars at their current conversion rate for that currency.
- 13.2.5. A minimum deposit of \$50 is required to open an Account with GoGetCrypto.
- 13.2.6. Under no circumstances will GoGetCrypto accept a payment or deposit into an Account by a person or entity other than the person or entity whose name appears on the Account.
- 13.2.7. Under no circumstances will GoGetCrypto make payment to a person or entity other than person or entity whose name appears on the Account.
- 13.2.8. Under no circumstances will GoGetCrypto transfer funds from one Account with GoGetCrypto to another Account at GoGetCrypto with different Account Authorization information.

13.3. Telephone Orders. GoGetCrypto has qualified staff that can execute Customer's trade orders over the telephone. Telephone execution is intended for those circumstances when trading via the Trading Platform is not available due to technical problems on the Customer's internet or in situations when the Customer has no other connectivity option. This option can only be executed on the provision that the technical problems are not related to a general GoGetCrypto server problem.

13.4. Liquidation level: GoGetCrypto reserves the right to automatically liquidate the position and the Customer will be responsible for all losses as a result of the liquidation. GoGetCrypto reserves the right to change the Liquidation Level at its sole discretion.

13.5. Prices from GoGetCrypto are independent of prices found elsewhere. Customer acknowledges that the prices reported by GoGetCrypto

for buying and selling are independent and can differ from the prices displayed elsewhere or from other liquidity providers in the interbank changes in liquidity from interbank to GoGetCrypto, an unbalanced position or exposure at GoGetCrypto, or differing expectations of price movements. GoGetCrypto expects that in most cases the prices provided to its Customers will be in line with the general interbank market but does not warrant or imply that this will always be the case.

- 13.6. Rollover rates for open positions are determined by GoGetCrypto and are independent of prices found elsewhere in the Interbank market.** Customer acknowledges that when applicable, all existing Open Positions that remain open over the end of business day for GoGetCrypto, defined as 5:00 PM EST/EDT, are automatically rolled over to the next available Spot Settlement Date at a net debit or credit to the Customer(s) Account as determined by spot interest rates determined solely by GoGetCrypto. Rollover debits and credits are also influenced by the number of days that the position has to be rolled. For positions that need to be rolled from a spot settlement date of Friday to Monday, the debit or credit will reflect rollover from Friday to Monday or three business days. For rollovers from Monday to Tuesday, Tuesday to Wednesday, Wednesday to Thursday and Thursday to Friday, the rollover debit or credit is for only one business day. If there is a holiday and GoGetCrypto is closed, the rollover would take into consideration the holiday. For example, if Tuesday is a holiday, rollovers from Monday will be for two (2) business days (i.e. from Monday to Wednesday). Since rollover debits and credits are determined by the respective short-term spot interest, a large spread can cause a large debit or credit rollover amount. This spread can result, but is not limited to, a countries tightening of credit conditions in order to dissuade speculators from shorting one trading product versus another. GoGetCrypto reserves the right to change the credits or debits at its sole discretion if the original amounts are in wrong due to an error or omission.
- 13.7. Swap rates for balances other than USD are determined by GoGetCrypto and may be independent of prices found elsewhere in the Interbank market.** Profits that are calculated in a foreign currency are "swept" into dollars when the open positions are closed and the Profit and Loss realized. There is No Guarantee of Profit from Trading with GoGetCrypto: Customer acknowledges that neither GoGetCrypto nor any of its representatives guarantees to the Customer that they will profit from trading. Customer further acknowledges that they could sustain the loss of their entire Risk Capital deposited in their Account and are financially able to withstand any losses incurred.
- 13.8. There is No Guarantee that GoGetCrypto will be able to execute stop loss orders, limit orders or OCO Orders at the Customer Entered Price.** Customer acknowledges and agrees that there may be market, liquidity or other conditions that will prevent GoGetCrypto from executing Customers specific Stop Loss Orders, Limit Orders or OCO Orders at the Customer designated price. In some cases the orders will be executed at prices that are less favourable to the price entered and desired by the Customer. The Customer acknowledges and agrees that they are still responsible for trades executed at levels different from their orders and that GoGetCrypto is not liable for failure to do so.
- 13.9. There is technology risk inherent in trading online or via a software application.** Although GoGetCrypto has invested a lot of resources developing, testing, configuring and integrating the Trading Platform and other relevant software and hardware, the Customer acknowledges and agrees that GoGetCrypto does not guarantee that the Customer will be able to successful execute transaction, monitor their positions, or perform other essential tasks of GoGetCrypto while using the public Internet and other

technology from GoGetCrypto or from third party vendors known or not known for which GoGetCrypto may rely on. GoGetCrypto cannot control, without limitation, the routing, Internet connectivity, reliability of customer or GoGetCrypto equipment, network connections or any other technology hardware malfunction caused by GoGetCrypto hardware, hardware and connectivity that makes up the public Internet, or hardware at the Customers location.
